

TESTIMONIALS

"I had a great experience at CAHE and I would recommend it to anyone. All the teachers I had were amazing, and the lab instructors help make you a natural in your chosen path. Thank you for a lovely experience!"

– LISETTE ANGUETA,
Diagnostic Medical Sonographer at
Columbia University Fertility Center

"I loved attending CAHE's Paramedic Program, and feel that it has prepared me immensely for my profession."

– KANDICE BOGATZ,
Paramedic/ALS Supervisor at Priority
One Ambulance & RUMC

"The program was excellent in teaching detailed information that I was able to use in clinical settings and now in the work force."

– DEVON DESILVA, Radiological
Technologist at Zwanger-Pisiri Radiology

INSTITUTIONALLY
ACCREDITED BY ABHES

LICENSED BY THE NEW
YORK STATE DEPARTMENT
OF EDUCATION

15+ YEARS OF EXCELLENCE IN
HEALTHCARE EDUCATION
CELEBRATING

ACCREDITATION

Center for Allied Health Education's full-time programs are institutionally accredited by Accrediting Bureau of Health Education Schools and licensed by the State of New York, New York State Education Department.

CLINICAL TRAINING

Clinical education is an integral part of CAHE's comprehensive curriculum. Working alongside qualified clinical staff with real patients provides students with the opportunity to develop confidence, become competent in their skills, and accustomed to the healthcare environment they will ultimately seek to work in. Center for Allied Health Education is proud of its strong clinical affiliations, which include major hospitals and clinical sites throughout the NY metropolitan area.

OUR STORY

Since 2007, Center for Allied Health Education has earned national and statewide acclaim as a top-tier institute for allied health education. With its state-of-the-art facilities conveniently located in Brooklyn and Staten Island, NY, CAHE's variety of accredited programs and networks of clinical affiliates provide students with a broad array of options for a lucrative and rewarding career in today's highly competitive healthcare arena.

Students are able to obtain the necessary didactic instruction, laboratory skills, as well as hands-on experience at numerous hospitals and healthcare facilities located throughout the New York metropolitan area. The combination of these instructional components allow for graduates of the Center's accredited programs to be equipped with the necessary training in their field of study.
